

Team Draft Policy | Spring Season 2026

GBYLA Mission Statement

The mission of the Greater Birmingham Youth Lacrosse Association (GBYLA) is to increase youth participation in lacrosse and provide exposure to the game within our community.

Team Format

- **8U to 12U (Boys & Girls):** Teams will follow a recreational format, meaning players will be drafted to ensure competitive balance (parity) among teams. There will be no championship format for these age groups. Instead, teams will participate in a year-end Jamboree-style tournament.
- **14U (Boys & Girls):** Teams will follow a competitive format, culminating in an end-of-season playoff and championship called the Metro Tournament.

Team Drafting Guidelines

- **8U to 12U Draft:**
 - Community Points of Contact (POCs) and Head Coaches are responsible for drafting teams for their respective communities for boys and girls in the 8U to 12U divisions.
 - Drafts will be determined via the *Bravara mobile app, with the goal of maintaining parity among teams.
 - Coaches must adhere to the policies and procedures outlined in this document during the draft process.
 - **Important:** Factors such as assistant coaches, carpooling, or friendships will not be considered when forming teams.
- **14U Draft:**
 - Head Coaches for boys and girls 14U teams will rank players based on performance and skills, following the policies and procedures provided.

- The rankings will be used in an 'auto draft' feature through the *Bravara mobile app, conducted by GBYLA Board of Directors representative(s).

Team Selection Requirements

If a community program is eligible to form more than one team in a single age division, player evaluations must occur before team selection. These evaluations will take place in a skills-based clinic and should assess:

- Age
- Size
- Years of experience
- Lacrosse skills (measured using a simple scale)

The information gathered will be recorded on a draft form provided to Head Coaches to ensure fair team selection.

Team Drafting Procedures

- **8U to 12U Draft:**
 - Head Coaches will be provided access to the *Bravara Mobile app to record their evaluation results and document player rankings.
 - Once player rankings are complete, the POC and Head Coaches will conduct the draft through the *Bravara mobile app. The primary focus will be to maintain balanced teams based on parity.
 - Using the *Bravara mobile app, Head Coaches will document the drafted teams and submit them to GBYLA Operations Director for review and approval.
 - Once Head Coaches have received approval from GBYLA Operations Director, they may then notify their respective teams.
 - Teams will then be drafted online for scheduling by GBYLA Operations Director.
- **14U Draft:**
 - Head Coaches will be provided access to the *Bravara mobile app to record their evaluation results and document player rankings.
 - Head Coaches will submit the player rankings through the *Bravara Mobile app.
 - The rankings will be used in an 'auto draft' feature through the *Bravara mobile app, conducted by GBYLA Board of Directors representative(s).
 - This draft aims to create balanced teams based on player rankings for fair competition.
 - Upon completion of the draft, teams will then be drafted online for scheduling by GBYLA Operations Director.

Assistance

A GBYLA representative will be available to assist with the snake drafts for the 8U to 12U teams, should additional clarification be needed.

*The Bravara mobile app will be tested for the 2026 Spring Season. Given this is new technology, latitude in draft results will be granted if teams do not achieve the best results for parity.
